

Pure Maths Consolidation Notes

Jack Maguire

Contents

I Prerequisites	2
1 Polynomial Division, Factor/Remainder Theorem, Cubics	3
2 Transforming & Sketching Graphs	4
II Book 1	5
3 Inequalities	6
5 Coordinate Geometry	7
6 Circles	8
8 Binomial Expansion	9
9 Trig Ratios	10
10 Trig Functions	11
12 Differentiation	12
13 Integration	13
14 Logs & Exponents	14
III Book 2	15
1 Algebraic Methods	16
2 Functions & Graphs	17
6 Trig Functions	18
7 Trig Modelling	19
8 Parametric Equations	20
9 Differentiation	21
11 Integration	22

Part I

Prerequisites

Chapter 1

Polynomial Division, Factor/Remainder Theorem, Cubics

Chapter 2

Transforming & Sketching Graphs

Part II

Book 1

Chapter 3

Inequalities

Chapter 5

Coordinate Geometry

Chapter 6

Circles

Chapter 8

Binomial Expansion

Chapter 9

Trig Ratios

Chapter 10

Trig Functions

Chapter 12

Differentiation

Chapter 13

Integration

Chapter 14

Logs & Exponents

Part III

Book 2

Chapter 1

Algebraic Methods

Chapter 2

Functions & Graphs

Chapter 6

Trig Functions

Chapter 7

Trig Modelling

Chapter 8

Parametric Equations

Chapter 9

Differentiation

Chapter 11

Integration
